

A 12x8 grid of circles for a dot-marker activity. The columns are labeled with letters H, G, F, E, D, C, B, and A from left to right. The rows are labeled with numbers 1 through 12 from top to bottom. A dashed line runs horizontally across the bottom of the grid.

A color calibration chart consisting of a 15x8 grid of circular spots. The grid is labeled with letters A through H across the top and numbers 1 through 15 down the left side. The spots show a color gradient, with the brightest spots appearing in the top-left and bottom-right corners, and the darkest spots in the center.
